TAKE STOCK IN YOUR FUTURE

JA STOCK MARKET
CHALLENGE

At Stock Market Summer Camp, students do more than just learn how to invest—they build skills for the future. By weaving financial literacy with career exploration and real-world problem solving, we help students see how money management connects to life goals, job readiness, and smart decision-making.

Students learn & compete by investing and trading fake funds in the real market!

Whether they're building a portfolio or hearing from industry professionals, campers leave with a stronger understanding of how to navigate the workforce and plan for success.
